Hello
There!

We have dogs to enrich our lives, not to limit them. With our guidance and support, you and your dog can explore the world together.

My journey to founding Constellation Dog Training has been a long and fulfilling one. Driven by a passion for helping others, it was my own dog, Oberon, who revealed to me the transformative power of dog training.

Dogs are cherished members of our families, companions who will be with us for over a decade. I firmly believe that investing in high-quality dog training is the key to ensuring those years are harmonious, joyful, and filled with adventure.

Founder & Head Trainer,
Constellation Dog Training

Your Coaching Team

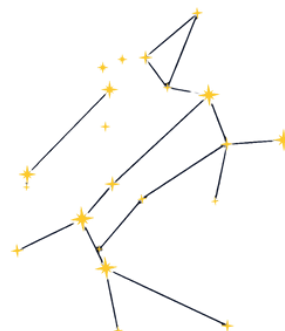

Constellation Dog Training isn't just a one-man band. My partner Sarah and I both bring a strong background in animal behaviour, and together we combined forces to provide a holistic, educational and inspiring dog training service.

When you join one of our Training Programs, you benefit from the expertise of two dedicated trainers, each with unique specialisations. I focus on building strong relationships and breed enrichment, while Sarah brings her knowledge of holistic health, nutrition, and functional characters.

With our combined years of experience, we're here to support and guide you every step of the way—lifting you up during challenges, motivating you when needed, and celebrating your successes as your biggest cheerleaders.

“We chose the name Constellation to honour the night we first met on a game drive in South Africa. Our aim is to help you and your dog shine as brightly as the stars in the Canis constellations!”

How It Works

01 BOOK A DISCOVERY CALL
Schedule a complimentary 15-minute phone consultation with our head trainer, Ryan. This is your opportunity to discuss your goals, ask any questions, and learn more about our services.

02 PAY YOUR INVESTMENT
Once you're ready to begin, we'll provide a link to our secure payment page where you can select and purchase the Training Program that best suits your needs.

03 SCHEDULE YOUR ONBOARDING CALL
We'll contact you to arrange your Onboarding call where we will run through your program and schedule your first 1:1 sessions.

04 RECEIVE YOUR ACCESS
You'll receive access to all of the benefits of your plan from the moment you sign up, such as your support options, community groups and discounts.

Additional Services

Neutral Walks

£5

Our structured on-lead walks promote dog neutrality in a safe, friendly environment, focusing on calm and appropriate behaviour without dog-to-dog greetings. Open to all ages, breeds, and training levels.

Social Walks

£15

Social Walks are an excellent opportunity for you and your dog to build confidence and experience positive interactions with other dogs. After an initial assessment, you'll join a relaxed environment where your dog can improve social skills and learn to 'speak dog.'

Mantrailing

£15 Have-A-Go
£25-30 Workshops

Mantrailing is a sport where dogs use their exceptional scent-tracking abilities to follow a specific human's trail, often over various terrains and in different conditions. It enhances the bond between handler and dog while providing mental and physical stimulation.

Barn Hunt

£Prices Vary

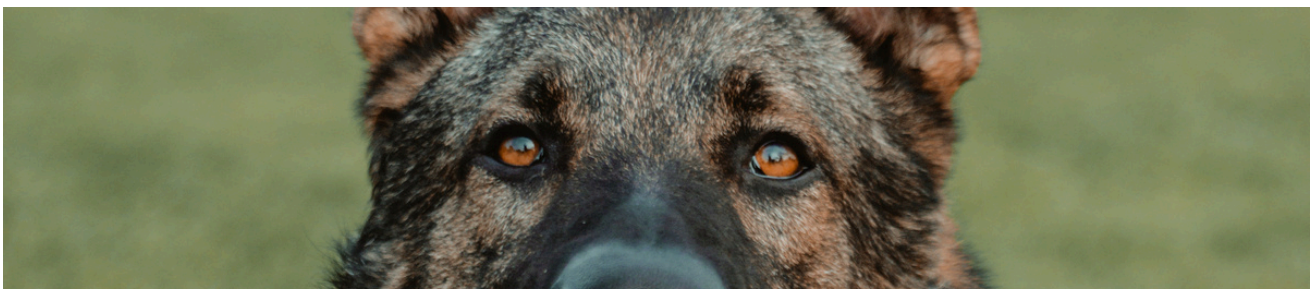

In Barn Hunt, dogs use their natural hunting instincts to locate and signal hidden rats within a maze of hay bales. The sport challenges a dog's scenting and problem-solving abilities while promoting teamwork between dog and handler.

Included at a discount in Nebula & Stellar Programs, and free with Supernova Coaching.

“

My goal is to help owners better understand their dogs - to teach them how to 'speak dog' in a world where this remarkable language has been forgotten

Testimonials

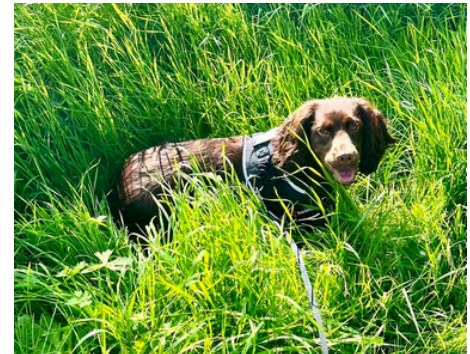

Magz, Leo & Eden

I have learned so much with Ryan and Sarah and when I'm unsure of anything, I know I can get in touch and receive great support. I can't thank Ryan and Sarah enough for all the hard work they have put into helping us.

Emily & Poppy

I have used a dog trainer previously and I have to say, Ryan's 1:1 was outstanding. He definitely knows his stuff! Thank you Ryan for giving me the confidence in training and all the advice you have given.

Maddy & Ralphie

I've had a few dog trainers during my dog Ralphie's first year at home, but none compare to Ryan and Sarah, the 1:1 sessions we have done have vastly improved Ralphie's reactivity and lead walking. I can't recommend them enough. Plus just generally they are lovely people!

FAQ's

Why do you only offer Training Programs and not single 1:1s?

In dog training, there are no quick fixes. Consistency is key to achieving lasting results. A single session is rarely enough to address behavioral issues, undo years of ingrained habits (such as lead pulling), or teach new behaviors. Additionally, with so much information to absorb, it can be easy to forget what was covered in just one session. Our Training Programs provide comprehensive support between sessions, ensuring that we're with you every step of the way. Don't forget, you can receive a FREE discovery call from Ryan with no obligation to purchase a program.

How old does my dog need to be for a Training Program?

Training can begin even before your puppy comes home! The moment your pup arrives, training should start, and we can work with you from day one, even before vaccinations, with any of our Training Programs. For older dogs, certain aspects of training may take longer to show progress and require more consistency, especially when addressing behaviors that have been practiced for a long time.

How long will it be until my dog is trained?

Training timelines vary greatly. Some issues, like loose-lead walking, can show significant improvement in just one session, while more complex issues like reactivity may require a longer commitment. Factors such as breed, temperament, and age also play a role in how long training takes. Our most successful clients have typically worked with us for at least five sessions or over multiple months. The more effort you put in outside of our sessions, the faster you'll see results—and the more those results will last.
